**WITHDRAWAL OF REQUEST FOR CERTIFICATE OF CORRECTION**

On May 20, 2005, Patentee's attorney requested a certificate of correction for the above-referenced U.S. Patent No. 6,076,276 ("the '276 patent"). The U.S. Patent and Trademark Office has not yet acted upon the request.

The request noted that Applicant's prior attorney had included a request for priority of U.S. Provisional Patent Application No. 60/054,171 upon filing of the application that matured into the '276 patent, and that the '276 patent did not reflect such priority claim.

It has since been discovered by Patentee's attorney that during prosecution of the application that resulted in the '276 patent, Applicant's prior attorney intentionally, albeit mistakenly, removed the claim of priority from the present patent. Patentee therefore wishes to

bring this fact to the attention of the U.S. Patent & Trademark Office and to withdraw its request for a Certificate of Correction to include such priority claim.

Respectfully submitted,
